

## Full or Part-time Small Animal Veterinarian - Poultney, VT

**Company Overview:** We are a PRIVATELY OWNED 2 doctor paperless practice ready to invite a new associate to join our fantastic team in a building preparing to almost double in size in Fall 2026! Our hospital is in southern VT, on the NY border, surrounded by ski areas and lakes. We're committed to providing exceptional patient care, coupled with a culture of collaboration and respect for coworkers that allows you to practice in a way that supports personal growth while allowing you to guide your professional development.

Like many hospitals, we have in-house bloodwork, digital and dental radiology, ultrasound and offer medical and surgical appointments - it's the people that set us apart! Our continued success and growth are a testimony to this incredible team, which strives to provide the best medical care to our patients and education to their caretakers. The owner has over 25 years of teaching experience and is happy to mentor the right candidate as needed. Our team arrives excited and prepared to offer superior medical care and customer service every day.

The hospital is open 8-5 M-F and 8-12 on Saturdays. Typical days include seeing both wellness and sick animal appointments, with surgery 2-3 mornings/week. We offer routine spay/neuter/dental care and soft tissue surgery, but no orthopedic surgeries. We also offer small animal reproduction and canine behavior services along with laser therapy. Candidates are encouraged to expand on any special interests.

Our schedule offers a 4 day workweek with shared Saturdays (8-12) and no on-call. Part-time is also an option. Generous compensation is available and is negotiable between pro-sal and flat salary, with a possible retainment bonus. We also offer fantastic benefits- 401K with 4% match, flexible PTO, 100% paid health insurance, sick leave, paid CE with paid time off to attend, liability and license fees and pet care discounts.

Poultney Veterinary Hospital was founded on integrity, honesty and superior quality medicine and we practice compassion for coworkers and clients at all times. Work-life balance dictates our schedule - we work together to provide the best care possible in a family-friendly environment.

We look forward to hearing from enthusiastic veterinarians who want to add their knowledge and compassion to this spectacular team!
